

People's Radio is Back!

WBAI 99.5 FM

After 13 months of struggle, listeners and producers at WBAI-99.5 FM (a Pacifica station) have won back control of their station from corporate hijackers who sought to "mainstream" WBAI's corporate-free, free-speech, people's radio.

More than 30 producers whose programs were cancelled by the hijackers have been returned to WBAI-99.5 FM's airwaves. These radio journalists provide award-winning coverage of:

- **Peace Movement** • **Social Justice** • **Civil Rights** • **Labor Struggles**
- **Environment** • **Tenants' Rights** • **Alternative Health** • **many other issues**
